

Don't let Mark Campbell and Ron Fisher destroy the schools.

TIF money comes from the school's property tax.

In 2010

- The debt on the I-70 interchanges was \$3 million
- The balance in the TIF fund was \$3 million

**Instead of paying off the debt and restoring the school's millage
Ron Fisher and Mark Campbell borrowed more money to build an Aquatic Center**

Since 2010

- \$4 million of property taxes diverted to TIF
- 5 failed levies
- Participation fees skyrocket
- Bus routes cut
- 114 teachers loose their jobs

Now Mark Campbell and Ron Fisher are creating more TIF properties and taking more money from the Schools because to them a Music Center is more valuable than an education.
